The convention adjourned till 2:30, after instructing the committee on permanent organization to meet at 11:15 p. m. and effect a permanent organization.

### The Afternoon Session.

The afternoon session was called to order at 3 o'clock, the committee on permanent organization being unable to make a report before that time. Immediately after the reading of an invitation from the North Texas normal, asking the presence of the attorneys at an entertainment to be given at the University of Fort Worth last evening, Chairman Gillespie called for the report of the committee on permanent organization. The report was submitted and read by the secretary, as follows:

To the Hon. O. W. Gillespie, Chairman of the Convention, and District and County Attorneys of the State of Texas:

We your committee on permanent organization beg leave to report the following:

1. For permanent chairman, C. V. Meyer of Johnson county; for permanent secretary, D. B. Hutchinson of Comanche county; for assistant secretary, R. Walter Simpson of Upshur county.

2. We recommend that a committee of three be appointed by the chairman, to be known as committee No. 1, to whom shall be referred all proposed changes and amendments to the penal code, and a like committee, to be known as committee No. 2, to whom shall be referred all proposed changes and amendments to the code of criminal procedure, whose duties it shall be to pass upon such proposed changes and report the same to this convention, with their recommendations thereon.

3. We further recommend that a committee of three be appointed by the chairman, to be known as a committee on resolutions, to whom shall be submitted all resolutions not coming within the scope of committee No. 1, and for the former two committees.

We further recommend that 10 a. m. tomorrow be set as the time to hear the address of welcome by the Hon. T. J. Powell, and that J. T. Bue be appointed by the convention to respond, and that the public be cordially invited to attend.

4. That we accept the invitation of the North Texas normal to be present at the entertainment to-night and attend in a body.

Resolved, that the code of criminal procedure be so revised that a peace officer may execute warrants in any county in the state.

Resolved, that in cases of felony less than capital, the same number of peremptory challenges be allowed the state as allowed the defense.

Resolved, that when defendant refuses to testify in his own behalf, the state be allowed to comment on such failure to the detriment of the defendant.

Resolved, that each and every county and district attorney present be urged to use his influence in securing votes for the constitutional amendments relating to the judiciary, which is to be submitted to the people on August 11.

Resolved, that any person who shall shoot into a private house or residence with willful intent, shall be punished with imprisonment in the penitentiary for a term not less than three years nor exceeding five.

Resolved, that no playing at cards be allowed except in private residences, and that such place be so defined as to leave no doubt as to what constitutes a private residence.

Resolved, that the law be so revised as to give justice courts jurisdiction in cases of carrying concealed weapons and disturbing public worship.

Resolved, that where a sheriff is engaged in conducting criminals from one point to another, that he be allowed mileage for the prisoner and be allowed to charge the same up to defendant.

Resolved, that the two words drug stores be stricken from article 180 of the penal code.

Resolved, that in cases where it is not possible to produce the body, or a

and juries are no longer to be relied upon by which to sustain the rights of the people. The newspapers, and especially the Fort Worth Gazette and the Dallas News, are daily and weekly pandering before the eyes of the reading public these facts. It has also been said by a leading law writer, that the "penal code and code of criminal procedure of Texas are spotted all over with finger marks of lawyers who make their living by defending persons accused of crime." I do not admit the truth of these charges, but I do say that some rights where are radically wrong, and that it is our duty as conscientious officers of the people to find where the defect is, and to remedy it. If it be in the law itself, certainly by constant observation, research and experiment in attempting to enforce the law we ought to be able to find wherein the law is deficient, and if we can it is our duty as officers of the people, intrusted with the enforcement of the law, to use every effort within our power to cure the defect. If it be not in the law but because of a failure on the part of the people at large, including the courts and the juries, to use the means at our disposal in enforcing the law, then it would devolve upon us to discover the proper manner to proceed. There is certainly a cause somewhere, and we should make an honest endeavor to find it. It is indeed a sad reflection upon the intelligence of the people of this state to say that they citizens, have not confidence in the efficiency of the courts to protect the rights of the citizen. In order to enforce any law made for the protection of the rights and liberties of the citizen, it is necessary for those attempting its enforcement to have the full moral support of every citizen.

If this convention fails to make any suggestion as to the amendment or change of the laws worthy of adoption, I still have hopes that it will have a tendency to cause the people to give their officers their full and unqualified moral support. Let us then, with the nature of our work fully before us all the time, enter upon the discharge of our labors in this convention, with the single view of encouraging the removal of bad laws, the passage of good ones, and the strict and rigid enforcement thereof. Again let me thank you for the distinguished honor conferred on me.

Professor Carlisle of the high school then asked the privilege of the floor, and requested that in addition to attending the entertainment of the state normal the attorneys appoint one of their number to address the members of the normal at the university last night. Professor Carlisle was assured that the invitation of the normal would be complied with, and later in the afternoon, after numerous nominations and as many recommendations, the honor of J. C. George was elected to deliver the address.

A motion that a committee of three be appointed for the purpose of making the convention of district and county attorneys a permanent organization was made. As a substitute it was moved that this come under the province of the committee on resolutions, and that the committee should fix the time and place of the next meeting, decide on dues, initiation fees, etc., and draft a constitution for the convention.

The following were the most important resolutions offered:

Resolved, that the legislature be asked to limit or confine the testimony of a defendant in his own behalf as follows: If a defendant be allowed to testify at all he be compelled to testify in a witness's stand for the defense, and not afterward. Another resolution of the same purport was offered.

Resolved, that article 65 of the Code of Criminal Procedure be repealed.

Resolved, that in case of seduction, where the defendant promises to marry the plaintiff, and to gain a dismissal of the suit, that it shall be the duty of the jury to satisfy itself of the good faith of the promise; that the law on the subject be so framed as to guard against immediate desertions after marriage.

Resolved, that in cases of felony less than capital, the same number of peremptory challenges be allowed the state as allowed the defense.

Resolved, that when defendant refuses to testify in his own behalf, the state be allowed to comment on such failure to the detriment of the defendant.

Resolved, that each and every county and district attorney present be urged to use his influence in securing votes for the constitutional amendments relating to the judiciary, which is to be submitted to the people on August 11.

Resolved, that any person who shall shoot into a private house or residence with willful intent, shall be punished with imprisonment in the penitentiary for a term not less than three years nor exceeding five.

Resolved, that no playing at cards be allowed except in private residences, and that such place be so defined as to leave no doubt as to what constitutes a private residence.

Resolved, that the law be so revised as to give justice courts jurisdiction in cases of carrying concealed weapons and disturbing public worship.

Resolved, that where a sheriff is engaged in conducting criminals from one point to another, that he be allowed mileage for the prisoner and be allowed to charge the same up to defendant.

Resolved, that the two words drug stores be stricken from article 180 of the penal code.

Resolved, that in cases where it is not possible to produce the body, or a

part thereof, of persons who have been murdered, and so gain a conviction, and where conviction might be had except for this law, it is not necessary to produce the body or any part thereof. The above suggestions for revisions were submitted to the committee on resolutions, which will report back to the convention its opinion as to the advisability of asking the legislature to comply with the requirements embodied in the resolutions. Several other resolutions of minor importance were submitted to the committee, the report of which will be submitted to-day.

While waiting for the committee on resolutions to report, remarks as to the deficiencies of the present penal laws, and the methods of enforcing them, and suggestions as to the best manner of improvement, were made by several attorneys.

After a motion was carried to instruct the committee on resolutions to report to-day at 9:30 a. m., the convention adjourned to meet to-day at 9 o'clock.

## Dyspepsia

Many men live miserable, and often lead a self-destructive life, after eating, sick, heart ache, heartburn, sour stomach, mental depression, etc., are caused by this very common and increasing disease. Hood's Sarsaparilla cleans the stomach, creates an appetite, promotes healthy digestion, drives sick humors, clears the mind, and cures the most obstinate cases of dyspepsia. Read the following:

"I have been troubled with dyspepsia. I had lost all appetite, and what I did eat did me no good. In an hour after eating I would experience fainting or tired, all-gone feeling, as though I had not eaten anything. Hood's Sarsaparilla gave me an immense amount of good. It gave me a good appetite, and my food relished and satisfied me. I had previously experienced, I believed, the worst of that faint, tired, all-gone feeling. I have felt much better since I took Hood's Sarsaparilla. I am happy to recommend it." G. A. PAOR, Watertown, Mass. N. B. Be sure to get only
